Writing

Nowadays, the industry of films is developing very fast. So, we are able to see a huge amount of movies include movies based on books. There is an opinion that it is better to read a book than to watch a film made from it.

In fact, I know a lot of examples of great film adaptations. The amazing example is Harry Potter films. In my opinion, it is the best adaptation. But unfortunately,

there are also a lot of film adaptations which disappoint a big amount of people. For instance, the adaptations of Divergent book.

From my point of view people prefer watching films based on books because they have no time to watch it. Moreover, in film can be a lot of effects special effects and great actors, who can make the film breathtaking and amazing.

Taking all these facts into account, I would like to stress that film adaptations is the great way to save your time and to get a lot of positive emotions. Watching a film is much exciting than reading a book.
