Where are the best places to visit?

Most people think Siberia have not interesting places, but it is not. In this state I show you the best place in our region.

In my opinion, one of the most interesting place it is a lake Baikal. Baikal the most lake in the world. His area is equal the territory of more European countries. The water in the lake is more than in the Baltic sea! Baikal is good at any time of the year. In winter they visitors organise hiking on coast of the lake. You can't know Baikal at once. You have to come here many times.

I have are many different and beautiful places in Siberia besides Baikal, which my opinion is what's visiting. I think young people must travelling and love our homeland.
