Dear authorities

I'm a student of the school №1 and I can suggest to improve the healthcare of people in Novokuznetsk. Actually, we can build a new clinic for children or ^{for} adult people, also buy some new hospital facilities and take more doctors for a work.

Indeed, to increase the educational level, we can build a new school or make a rebuild of old schools ~~off~~ and invite new teachers to work in our schools.

In fact, to improve our culture, we should plant more trees, flowers. Make street cafes.

As for outdoor sports facilities, we can make more places for trainings and take some facilities there. Also, we can do a charity challenge for people.

To improve the public transport, we can buy new busses, electric busses, trains for people. I think our city will be improved.
